# Color Your Own Great Flower Prints (Dover Art Coloring Book)

## **Synopsis**

These lovely reproductions of the most beautiful floral prints of all time feature meticulously re-created black-and-white renderings of works by Redouté, Roubillac, Hooker, Prévost, and others. Thirty ready-to-color full-page illustrations include sprays of hollyhocks, orchids, pansies, Japanese roses, peonies, tulips, foxglove, and many other blossoms. Original versions of the prints appear on the inside covers.

## **Book Information**

Age Range: 8 - 14 years

Grade Level: 3 - 8

## **Customer Reviews**

During the recuperation from a stroke, my wife has used Color Your Own Great Flower Prints, to express color and placement artistry used in flower arranging, similar to a florist's efforts. My wife has enjoyed flower arranging and the beauty of flowers, for as long as I have known her, and this book challenges her to use her God-given skills on each printed page, regardless of the original print versions, shown on the inside covers. This is one of her favorite Dover books. I would recommend it highly to any artist who enjoys the love of flowers.

This coloring book was printed on both sides of each page and the pictures showed through the paper. Had they used a higher quality paper this wouldn't have been a problem, but they used

cheap, thin paper instead. I guess you get what you pay for, as this was a relatively inexpensive coloring book... Perhaps my expectations were too high? I returned this.

The pages are printed on both sides and the paper is thin so only one side can be used. Wish it would have stated this in the description.

There are lots of nice pictures in here of all kinds of flowers. What's really nice is that each page gives the common flower name and also the botanical nomenclature. It's pretty neat that each picture also gives credit to the original illustrator and there are several in here. These things make this book pretty unique. Another thing that's nice that you don't always see is the color pictures of each flower on the inside front and back covers for each page in the book. These color illustrations (front and back cover) provide a realistic image of each flower on every page. That way, if you want to make your own coloring true-to-life, you have a good pattern to follow. Otherwise, you can be creative and come up with your own color combinations. It's nice to have the option. These are nice pictures, allowing individual creativity while still giving credit to the original illustrators.

Excellent for Flower Lovers. Too many 'adult' coloring books are abstract. This is for those who love real flowers portrayed in a natural way. Small color illustrations inside covers but you can color however you want. Like a coloring book for horticulturists but suitable for most ages.

the prints are so realistic. the finished pictures are actually suitable for framing., and you are given a guide as to what the flower should look like . would suggest any lover of flower prints to try it.

I think the flowers in this book could be a little more realistic. I've done other books on flowers and they were more detailed. I still enjoy coloring them. *Color Your Own Great Flower Prints (Dover Art Coloring Book)*

Excellent paper quality great detailed pictures for the master coloring artist. I bought this as a gift and it really impressed the recipient.
