Age Range: 4 - 8 years

Grade Level: Preschool - 3

Customer Reviews

The Bible, in it's entirety, supports a Christocentric worldview. The fact is that this wonderful story book chooses to focus on the Bible's incessant pointing to Jesus as our Redeemer, Savior and King. Despite what some of the naysayers purport in their reviews, this is a strength that helps children " and their adults " to remember the essential story of the Bible: that God loves us and has provided a path to redemption from the sin that separates us from Him, and that nothing but the evil of our own stubborn self-will can prevent God's love for reaching us. This is a beautiful book! Our grandkids were moved by it, over and over, to ask awesome questions about life and faith and Jesus. Furthermore, in the Deluxe Edition, the reader for the audio CDs is absolutely fantastic " a captivating, dramatic reader who pulls children and adults alike into each and every story. Buy this book, and it's Deluxe Edition, for your kids and grandkids, nephews and nieces! It's an awesome investment.

I bought this deluxe edition specifically for the cds that went along with it. My 4yo loves listening to books on cd so I was disappointed that there were no page-turn signals. As a non-reader, she can't follow along by herself and found it frustrating. I already own the original version of the Jesus Storybook Bible (and love it), so I would not have bought this one as well.

This is a great Bible for kids to either read themselves or for the adults to read to kids. It has nicely drawn pictures and great storytelling. The only drawback with this sort of thing, as with all "Bibles" that aren't true Scripture, it takes liberties with some things. Only that it assumes feelings of some characters or doesn't allow for as much of the "harsh", but necessary, language the Bible uses when talking about sin - things like that. Some things are maybe, slightly...diminished? with this children's book because it's a children's book. But the righteousness of God and the seriousness of sin and our need for a Redeemer through grace alone, by faith alone, is not lost in this book.

One story a night. I started this book when my son was 6, read through it 7 or 8 times until he graduated to an older kid Bible. Now it has been passed down to my daughter who is now 5 and we read a story a night. We have taped the binding on the outside twice, have pages falling out now. Can't say we have overly abused it but normal wear and tear on it. Definitely a kids take on the stories but that is what they can best comprehend at this level. Only a few times where I have corrected it in its stories (Joseph and his brothers). Overall recommend and I have bought this book as a gift for friends with small children as well.

This is my second purchase of the Jesus Storybook Bible for my household. I've purchased numerous more for friends. I read one story for my son each night before bed... and had to purchase a second copy for my daughter (who is still too young to understand/read) because she was so interested in it. I love how this really delivers the message in a simple without taking away from the important content. This particular version came with a CD, however my kids would rather hear me read :).

this thing is an awesome read..... I am a grown woman and I have a hard time comprehending the regular King James version and even tried several different versions but I couldn't get past the lineage and I was confused i'm almost through it . and the way its written it gives you a way different perspective than the Bible but all the stories all have the same consequences and morals. the best

thing is I can hand this down to my nieces and nephews! or donate it to the church.... through this story book bible I know more then I even did before. it gets to the point. and the cd's that come with it are nice too if you would rather listen the three cd's are perfect.

I got this for our 4 year old granddaughter for Christmas. She was mesmerized right from the beginning and listened to it straight through, twice! It is absolutely fabulous. The illustrations are quirky-gorgeous, the stories are incredibly written, and having David Suchet narrate is just altogether lovely. I will certainly be buying this for each of our other kids as they start their families. Highly recommend!

My wife and I are using this to introduce Jesus to my kids throughout all of the Bible and not just the New Testament. It is creative and colorful! List all kid's storybook bible it doesn't use specific scriptures but gives a general overview of what is happening with some of the more well known stories/events in the Bible. This is a great Bible intro for kids!!
