Win A Grand Prix (Real Life Math - Orange Level)

Synopsis

Making Math interesting, this is the only math practice book that gives you the chance to be a racing driver. Readers discover how racers and their teams use math. They learn what data is. They learn race day routines and facts, and how to use math to improve and win. Students will enjoy the 50 questions that allow for practice in numbering, measuring, problem solving, calculating, and organizing information. CCSS skill building to the maximum degree.
