Market Maze

Synopsis

Eight trucks hit the highway in a colorful and mesmerizing maze book that helps kids understand where food comes from and how it gets to their tables. In eleven intricately drawn mazes, eight vehicles, each carrying a different product, are on their way to the city. Fish, apples, dairy products, corn, vegetables, flowers, eggs, and baked goods all travel through colorful and minutely detailed landscape mazes to reach the city farmer's market. Information on all of the products and their journeys is included, along with answers to all of the mazes. For additional fun, kids are challenged to look for objects hidden on each spread.

Customer Reviews

I wish I had this book when we traveled across the US last summer. It is a perfect book for road trips, raining days, bedtime and any time, really. My boys and I loved racing to see who could find the pictures first. It requires focus and patience, which are good skills to have. I think what is great about this book is that the pictures are so colorful and interesting to look at, so it keeps the kid's attention (and Mom/Dad's too). I really enjoyed this book and rate it 4.5 stars.

I love these books. Every time I pick it up to read it to my daughter, we find something new. It's a

great concept for a kids book. They get to learn how mazes work, identify hidden animals and learn about goods and services!!
