## Customer Reviews

My twin 7 year old girls LOVE ALL of the Weird School Books. AJ is their favorite character. This new book delivers all the laughs the other books have delivered. We read it in one sitting and love the new character Coach Hyatt and her son Wyatt. Andrea "rocks" and annoys AJ in new and creative ways. It was great! We are preordering the next book in the series.

I bought 4 of these My Weird School Daze books. This was the first and LAST one we will read! Both my husband and I were appalled at the crude way these kids talk. We don't use the words "stupid" or "hate" in our family. I wasn't thrilled with the "butt" references either.. I won't even donate these to the library! Ugh!

My daughter loves this series of book and even though she can plow through one of them in a day it is still a book that distracts her from TV, computer or video games. That is a plus in todays society. The content is decent for late second graders but I always would advise a parent to skim a book before handing it over to their child to read.

My son is 8 and in the 3rd grade and has been rather reluctant to read chapter books, but this one was so FUNNY it had me laughing too! I think I am pretty picky about the "potty" humor boy books, but I thought this one compared to Captain Underpants or Diary of a Wimpy Kid was much cleaner and cuter. I loved the one character(Arlo), because he sounds a lot like my son...forgetful, complaining and not into girls! If your kid needs a good laugh and a book they can relate too then I would try it out from the library first if you are worried, but we will be getting more of these...if I can laugh along it makes it so much more fun! Sometimes you have to loosen up the reigns. Kids will hear all those words it is how you teach them to use or not use them that matters.

My son loves this series of books. He is just starting to read chapter books. These books are not too lengthy to loose his interest, but after reading each one he has a sense of accomplishment. He finds them funny and usually finishes one a day.

Dan Gutman understands young reader's humor and has created a fantastic book formula to draw in even the most reluctant of readers. The My Weird School series is perfect for students to practice their reading skills with its repetitive yet hysterical narrative and story lines. But don't mention that part to your kiddos, they might run away in fear they could learn something. A must have collection for any grade school library or classroom!

I really enjoyed reading this book with my child. We laughed thru the whole book. This books was very well written and entertaining. My child was engaged in the story from the beginning to the end.

He makes the best series EVER!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! I think this series is funny because the author puts random stuff in the book (like the funny titles that rhyme) and there are lots of interesting characters in these books. I love sports so I read this book and finished it all in one day because it was so good!!!!!!Jake My age is 7
